

CT6 Table Boxes

DESCRIPTION

FSR's line of CT6 Table Box solutions provide low voltage connectivity options including AC and USB Charging, cable retractors, gravity feed cable pulls, and our IPS and Simple Solutions pass-thru type connectors. The CT6 Table Boxes are 100% configurable for all your high and low voltage needs.

This elegant addition to your conference table includes multiple plate arrangements and overall plate depth adjustment; the cover can be closed while in use with cables exiting through the milled opening, a choice of finishes that include black anodized, or clear anodized aluminum.

Mounting is a snap! The mounting is always a 6" diameter round hole.

The CT6 can be ordered in a variety of configurations. Use the chart on the back of this sheet to simplify the ordering process.

APPLICATIONS

- Desks
- Lecterns
- Lab Tables
- Huddle Areas
- Boardroom Tables
- Control Consoles
- Classrooms
- Collaboration Areas

FEATURES

- Round Covers available in Black or Aluminum
- Mounts in a wide variety of tables with thicknesses ranging from .75" to 2.25".
- Connector plates can be populated to match customer requirements
- Can be reconfigured at any time as requirements change
- Deep interior compartment accommodates longer/larger connector shells.
- Retractor Ready – can accommodate up to 4 of FSR's TBRT Cable Retractors

COLLABORATION SOLUTIONS

These table boxes can be easily integrated with FSR's line of HuddleVU collaboration systems and furniture solutions. CT6 Table Boxes are available with 2 or 4 Button & LED versions for use with FSR's relay controlled digital video switchers.

OTHER MODELS

See LIT1743 for FSR's full line of CT6 style Table Boxes with integrated FLEX touch panel control systems and LIT1598 for FSR's new RT6 Unity series of square and rectangular table box solutions.

This symbol indicates the device is **RETRACTOR Ready** and accepts the number of retractors shown in the circle.
