

The NovoConnect Quick Launcher is a companion accessory for Vivitek's NovoConnect™ B360 wireless presentation tool. The Quick Launcher is a Plug and Play USB Dongle already preloaded with the NovoConnect desktop streaming software. With no need for an IT administrator to assist on the installation, the user simply plugs the dongle directly into the computer's USB port to run the application.

## FEATURES

- USB dongle with NovoConnect™ software preloaded directly on drive
- Eliminates the need to install the NovoConnect desktop software on a Windows® or Mac® computer
- Useful for computers users which don't have administrator rights to install software directly on their computers
- Plug and Play – No software installation
- Supports Windows® or Mac® operating systems
- Automatic software upgrade
