

SMS ICON UNIVERSAL SOUNDBAR HOLDER

Safe and sound.

The SMS Icon Universal Soundbar Holder will elegantly connect your back mounted soundbar to your display. The installation is very easy - simply use the VESA holes on the back of the display to mount the SMS Icon Universal Soundbar Holder below. The smart and adjustable design will fit most displays and back mounted soundbars, depending on the VESA holepattern and size of the display. The result will be stable with a very clean look. For mobile floorstands, you will have a soundbar that follows wherever your display goes, giving the audience the best sound possible.

Maximum load weight: 10 kg.
